FAQ

1,Are you a factory or a trading company?

A: we are a factory, is a professional manufacturer of smart locks and smart home system products we have our own R & D and design

team, have their own smart lock core technology and product patents, all our products are 100% of the original factory. We do not

sell non-original products at a low price, we can provide you with quality original products and good service and competitive

prices, 25-5% lower than the market price.

2,Do you accept the OEM project? Can you produce our design products?

A: yes, we welcome ODM and OEM projects. All our products and packages accept ODM and OEM,. We have strong R & D capabilities. We

have a professional and efficient R & D design team, as long as you have good ideas and projects. We can help you do it. We can

design new smart locks and also can design your own APP software according to your requirements, including customizing your

satisfactory software and firmware.

3,Can I print my logo on the product? How much do I have to pay?

A: yes. First of all, please formally inform us before production and confirm the design effect of the logo according to our

samples. Only need to pay some logo service cost, the cost is based on your order quantity, when your order quantity reaches our

minimum order quantity, there is no additional charge for us.

4,What is your quality?

A: we control the whole production process in accordance with iso international quality standards. We always attach importance to

quality control from the beginning to the end of production. We already got ISO9001, EN148456,CE,OPERA certifications. Each

product will be fully assembled and carefully tested before packaging and transportation, and each product will be checked one by

one before leaving the factory to ensure that the product quality is 100% qualified, passed quality control, and improved customer

satisfaction. Establish long-term strategic partners with customers.

5,May I order for some samples?

A: yes, we welcome the order of samples for testing and quality inspection, mixed samples are also acceptable, but you need to

pay, you can order directly from Alibaba, when you confirm that

Semi-Automatic PET Bottle Blowing Machine Bottle Making Machine Bottle Moulding Machine PET Bottle Making Machine is suitable for producing PET plastic containers and bottles in all shapes.
