

## Safety Magnetic Electronic Keyless Fingerprint Wooden Drawer Lock / Cabinet Locks

Our Product Introduction

for more products please visit us on [smartdoor-lock.com](http://smartdoor-lock.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ELA
- Certification: ROHS/CE/EN14846/ISO9001
- Model Number: E01
- Minimum Order Quantity: 100 sets
- Price: Negotiable
- Packaging Details: 20 locks / carton, Foam & Carton; Carton size: 490\*360\*510 mm.  
Safety magnetic electronic keyless fingerprint wooden drawer lock cabinet locks

### Product Specification

- Data Storage Options: Cloud
- Network: Wifi
- Product Name: Safety Magnetic Electronic Keyless Fingerprint Wooden Drawer Lock
- Application: Home / Office / Hotel
- Color: Black
- Door Type: Glass Door, Wood Door, Steel Door, Stainless Steel Door, Aluminum Door
- Function: Multi-function
- Warranty: 2 Years
- Unlock Method: Fingerprint
- Material: Zinc Alloy
- MOQ: 1 Sets
- Power Supply: 4 Pcs 1.2V Batteries
- Port: Shenzhen/guangzhou

## Product Description

### Product Description

[Safety magnetic electronic keyless fingerprint wooden drawer lock cabinet locks](#)

Fingerprint	Product Name	Cabinet Lock & Fingerprint Lock
color		Black
Operating Voltage		DC 6V
Limit voltage		DC 4.3V ~ 9V
Emergency Power Supply		Micro USB power Bank
Working power	dynamic	<150 mA
	Static	<50 uA
working environment	temperature	-20C°~ +60C°
	humidity	20%~ 80%
Storage environment	temperature	-20C°~ +80C°
	humidity	10%~ 80%

## USB Emergency Power Interface

Low power consumption, external USB mobile power emergency socket, no need to worry about going out and returning door lock can not be opened without electricity.

## Semiconductor Fingerprint Recognition, Living Safety Fingerprint

Professional biometrics technology, rapid identification does not wait, 360 degree arbitrary angle semiconductor biometrics. - 0.5 seconds fast unlock

## The fingerprint recognition area is equipped with a three-color induction breathing lamp

### Real-time feedback on drawer fingerprint lock status

Fingerprint  
identification zone Three color perception  
breathing lamp

**Green light flash**

Indicates that the fingerprint is correct

**Red light flash**

Indicates fingerprint recognition error

**Blue light**

Management mode

## RFID CARD LOCK Materials

Equipped with USB emergency power interface, can be charged and unlocked when the battery is dead

Using semiconductor fingerprint collector, not affected by static electricity, high recognition rate

## Product packaging

## Company Profile

---

2002

Established in initially name was Dongguan Shijie HongLG Electronic Factory

supplied for 2nd Summer Youth Olympic Games

Athlete apartment

2009

2004

manufactured the first aluminum alloy material electronic hotel lock in China

supplied for 10th national games

Athlete apartment

2011

2005

manufactured the first split model electronic hotel lock HD8018, HD8019 in China

the first face recognition lock in China

2012

2006

supplied over 2000 locks for Doha Asia Games Athlete apartment

supplied for 12th National Games

Athlete apartment

2013

2007

developed the first biometric fingerprint lock

updated to Dongguan Yinlang Electronic

Technology Co. Ltd

2016

Ying Lang Electronic Technology Co. ,Ltd. is a professional manufacturer which Integrates of manufacture and trade.

Established in 1998, It is specialized in the development and application of electronic door lock. We offer the professional smart system solution for the clients from hotel, apartment, office building, school and residence, etc.

Our services

## OEM services

1. Logo on Device
2. Welcome Screen
3. Pre-installed APP
4. Android Settings
5. Packing Box

## ODM services

1. PCAB Design & Development
2. Tooling Design & Development
3. Software Customization.

1. We provide 2% spare part for free;
2. We provide OEM and ODM service;
3. All items come with 2 years warranty;
4. We provide our lock, your safety and satisfaction
5. Technical support will be offered through all the after-sales service.
6. During warranty period, our factory will offer free service for replacement;
7. Beyond warranty, we can also offer spare parts and maintenance with paid service;
8. We have sent our locks to BE/ES warehouse, which will save a lot of transport cost for our business.

## Certifications

### Brand Honors

Honor witnesses strength, strength witnesses glory Inland has always focused on product research and development and innovation.

For independent intellectual property rights, and has obtained a number of national patents. The process of Yinlang's pursuit of product stability and excellent quality has obtained The recognition of professional institutions and consumers.

## Customer Photos

## FAQ

### 1, Are you a factory or a trading company?

A: we are a factory, is a professional manufacturer of smart locks and smart home system products we have our own R & D and design team, have their own smart lock core technology and product patents, all our products are 100% of the original factory. We do not sell non-original products at a low price, we can provide you with quality original products and good service and competitive prices, 25-5% lower than the market price.

### 2, Do you accept the OEM project? Can you produce our design products?

A: yes, we welcome ODM and OEM projects. All our products and packages accept ODM and OEM,. We have strong R & D capabilities. We have a professional and efficient R & D design team, as long as you have good ideas and projects. We can help you do it. We can design new smart locks and also can design your own APP software according to your requirements, including customizing your satisfactory software and firmware.

### 3, Can I print my logo on the product? How much do I have to pay?

A: yes. First of all, please formally inform us before production and confirm the design effect of the logo according to our samples. Only need to pay some logo service cost, the cost is based on your order quantity, when your order quantity reaches our minimum order quantity, there is no additional charge for us.

### 4, What is your quality?

A: we control the whole production process in accordance with iso international quality standards. We always attach importance to quality control from the beginning to the end of production. We already got ISO9001, EN148456,CE,OPERA certifications. Each product will be fully assembled and carefully tested before packaging and transportation, and each product will be checked one by one before leaving the factory to ensure that the product quality is 100% qualified, passed quality control, and improved customer satisfaction. Establish long-term strategic partners with customers.

### 5, May I order for some samples?

A: yes, we welcome the order of samples for testing and quality inspection, mixed samples are also acceptable, but you need to

pay, you can order directly from Alibaba, when you confirm that

Semi-Automatic PET Bottle Blowing Machine Bottle Making Machine Bottle Moulding Machine PET Bottle Making Machine is suitable for producing PET plastic containers and bottles in all shapes.
